

INSTRUCTIONS

SATELLITE PHONE USER GUIDE

Model: Iridium 9555/9505

MAKING A PHONE CALL

The phone must be used outside, away from trees and tall buildings.

- Power-on by pressing black button on the top of the phone. Phone will display **'searching for network'** and then **'Registered.'**
- Prior to making a call, extend the antenna completely so it points directly upwards.
- To make a call to landline from this phone Dial **00**, Dial the Country Code (eg **64** for NZ), Dial the area code without the 0 (eg **4**), Then enter the phone number for example **00 64 4 123 4567**, Then press the **OK** button.
To call a cell phone drop the 0 for example **00 64 21 123 4567**
- Press the green key to initiate the call and press the red key to end the call.

SENDING A TEXT MESSAGE

You can send and receive text messages and short emails using your Iridium 9555 phone.

- To send a text message select **'Messages'** from the main menu, then **'Create message.'** If you wish to send to an email address that is not stored in your phonebook, type the email address, add a space, and then type your message.
- Once your message is completed, select **'Options,'** then **'Send,'** then **'Add'**, and then you can either select a stored phonebook entry or manually enter a number. If you typed an email address in your message to send to an email address not stored in your phonebook, you must manually enter the number **"*2"** in order to send to an email not stored in your phonebook.

HINTS/TIPS

- People may send you a FREE message by visiting www.iridium.com and selecting **'Send a Satellite Message'** by using your Iridium phone number or send an email to [8816\[number\]@msg.iridium.com](mailto:8816[number]@msg.iridium.com).
- Keeping the phone's battery charged ensures that the phone is ready for use when needed. Try to allow the phone's battery to discharge completely before fully recharging.
 - To call TR Telecom 24 hour Customer Service dial 2652 from the Iridium phone.
